Dear Willi Badenhorst

RE: The Great service and value Kangaroo Digital has added to my business.

Right from the start of our business relationship, we both had a definite interest and utmost integrity and always strive to deliver

- Well done for always delivering **quality!**
- Well done for always **striving** to fulfil my needs in terms of design, social media, graphic design and web development.
- Well done for meeting our **unrealistic turn-around times** at all times.
- Well done for being **passionate** and **professional!**
- Well done for being a supplier that **delivers every time.**

We will continue using Kangaroo Digital, for as long as we can!

Sincerely,
